

Chapter 3:

EV Road Trip Packing List

Here's what you need to bring for your EV when headed out on a road trip.

Essentials:

- ❑ [Travel charger](#)
- ❑ Wall outlet plug for your travel charger
- ❑ [Extension cord](#)
- ❑ For Tesla owners: [Tesla to J-1772 adapter](#) and [CCS to Tesla adapter](#)
- ❑ For Non-Tesla owners: [J-1772 to Tesla adapter](#)
- ❑ [30-amp EV-specific adapter](#)

Nice to have:

- ❑ [50-amp extension cord](#)
- ❑ [CHAdeMO adapter](#)
- ❑ [Squeegee and windshield cleaning spray](#)
- ❑ [Trash bags](#)
- ❑ [Umbrella](#)

Remember:

- ❑ Download the charging network apps you'll need ahead of time.
- ❑ Check weather conditions before you leave; slow down if you have head winds.
- ❑ Check the status of a charger on PlugShare.
- ❑ Don't leave your car charging once it's fully charged.
- ❑ Pull into chargers appropriately, so you don't block other chargers.
- ❑ It's easier to start slow and speed up if you're getting good battery consumption.
